

# **POLYMETAL INTERNATIONAL PLC**

## **Introduction**

Polymetal International Plc was founded in 1988 by Alexander Nesis. It is an Anglo-Russian mining company for precious metals. It is registered in Saint Helier Jersey and listed on Moscow Exchange and London Stock Exchange. It is a component of the **FSTE 100 index, FSTE Gold mines, RSX** and **Euromoney Global Gold Indices**. Although the company was first founded in Saint Petersburg, Russia, its headquarters is in Cyprus till date.

## **POLYMETAL INTERNATIONAL INVESTMENT**

In 2014, Polymetal International Investment was launched as a subsidiary of the company. The main aim for this creation is to reach out to more smart investors around the globe. We are dedicated to giving our investors life changing experience because we see them as partners, as they are the catalyst that speed up further processes of the metal mining done in the company. Anyone can be an investor at Polymetal because our investment plan is flexible such that you can start earning from one of the biggest precious metal mining companies with as low as a hundred dollar. Investment is also made easy because we make use of the Bitcoin crypto currency, for investment.

## **INVESTMENT PLAN**

Our investment plan consists of five investment packages which are;

- **SUSTAINABLE:** We offer 5% interest of investment after 24hours of investing. The minimum amount of investment here is \$100 and while the maximum is \$2,500.
- **CORPORATE:** We offer 12% interest of money invested after 2 days of investing. The minimum amount of investment here is \$3,000 while the maximum is \$10,000.
- **GOVERNANCE:** We offer 20% interest after 3 days of investing. The minimum amount of investment here is \$7,000, while the maximum is \$20,000.
- **PRESIDENTIAL:** We offer 30% interest after 6 days of investing. The minimum amount that can be invested on this package is \$10,000 while the maximum amount is \$200,000.

- **METAL MINING:** This is the real deal. It offers a whopping 50% interest on your investment after 8 days. The minimum amount of one can invest here is \$15,000 while the maximum is \$500,000.

Also, we have a **COMPOUND INTEREST PACKAGE** , which is the limitless offer our investors stand to gain when they reinvest both the capital and interest of their initial investment on a particular package.

### **High-quality Asset Portfolio and Exploration Investments**

Efficiently managed and profitable enterprises enable us to invest in efficient development projects throughout deposit lifecycle and use Polymetal's key competencies for future growth.

### **Robust Operating and Financial Performance**

By focusing on full-capacity utilisation and robust cost performance of our operating mines, we are driving continued operating improvement.

### **Commitment to a High Level of Corporate Governance**

High standards of corporate governance provide strategic leadership and create reliable system of control and strict compliance of the interests of management and all stakeholders.

### **Social Responsibility**

Polymetal facilitates sustainable economic development of the regions in which it operates. The company actively negotiate with local communities and pays significant attention to environmental safety.

### **Our Purpose**

We believe responsible and efficient mining can be a force for good for society. We aspire to be equal to the challenge and deliver benefits to all impacted by our corporate existence.

### **Corporate Culture**

Polymetal's culture is firmly aligned with its strategy and recognised and supported by the Board. The success of Polymetal is entirely down to its people. Our robust performance is based on each employee taking pride in their work and responsibility for their actions, understanding their individual impact on the business and being open to new challenges.

### **Growth through Innovation**

We deliver growth using a range of strategies and innovative solutions. By thinking creatively, we are able to explore future opportunities for expanding our operations that are often overlooked by other companies. We are not afraid of turning challenging situations to our advantage in order to progress towards our goals.

We secure our future by encouraging continuous learning and self-development among all our employees. Our culture of continuous learning with Group-wide training and development opportunities is critical to improving skills, motivating employees and ensuring the ongoing success of the Company. As part of the cycled-learning process, we provide professional and managerial education through our corporate training network, digital training hubs and training centres. Given our vast geography, we have also developed advanced distance-learning systems to complement the work of our training centres and on-site training facilities. Innovative methods are widely used to train our Talent Pool and target groups for key positions throughout the Company.

Sustainability and safety are our licence to operate. Responsibility at all levels of the Company is key to ensuring strong governance and ethics: from the Board of Directors to the Group as a whole, down to individual subsidiaries and to the employees. Accountability at all levels from the Board down is seen as central to embedding a shared corporate culture within Polymetal and employees have a vital role to play in reinforcing corporate values, both at work and in their everyday lives. Our corporate culture is pivotal to delivering the long-term success of the Company and the Board recognises that our employees are central to this process.

Polymetal is a leading gold and silver producer with a high-quality, low-cost asset base.

Our portfolio comprises 9 producing assets and 3 major development projects across Russia and Kazakhstan. Our investments coupled with a rigorous approach to M&A activity are primarily focused on the turnaround of distressed assets, as well as under-explored near-mine areas with high potential that will contribute to significant long-term growth.
